Water for wildlife journal

Today I created a wildlife waterer / /

I positioned my wildlife waterer

I chose this location because

I used these materials:

Predictions

I predict the smallest animal to use the wildlife waterer will be

.....

I predict the largest animal to use the wildlife waterer will be

.....

I am making these predictions based on

.....

Observations

I observed using the wildlife waterer on / /

I observed using the wildlife waterer on / /

I observed using the wildlife waterer on / /

Based on my observations I have decided to:

- Keep the wildlife waterer where it is.
- Change the location of the wildlife waterer.
