

# Tuning in - look, listen and learn

Sit quietly and listen for 2 minutes.

Circle the urban and natural sounds and list any extra sounds you hear.

## Urban

- Alarms
- Traffic
- Sirens
- People talking
- Music

.....

.....

.....

.....

.....

## Natural

- Bird calls
- Wind
- Insects chirping
- Bees buzzing

.....

.....

.....

.....

.....

Look around your backyard and local area. What is the environment you see and hear? Circle the one that best describes your local environment.

# Delving deeper - exploration

Record the names of native animals you discovered or researched using the table below. Tick if they were observed or found in the field guide.

**Remember to look on the ground, in the trees and shrubs and in the air. Remember to tread lightly so you don't disturb animal homes.**

Type	Names	Observed	Field guide

# Honing in - looking for clues

Tick off any animal clues you discover in the table below.

Animal clues	Discovered yes/no
Scats = poo	
Tracks = footprints	
Traces	
= feathers or fur	
= scratches, diggings or burrows	
= webs	
= insect exoskeletons	
= chewed leaves	
= cocoons	
= nests	

Draw one of the tracks or traces you have discovered

Large empty dotted box for drawing tracks or traces.
