

Creating a vision for your wildlife garden

Step 1: Habitat requirements

Choose 3 of the animals you discovered in the research activity, and list some of their habitat requirements. This can include plants, water features, leaf litter, rocks and soil.

Species name	Food and shelter requirements
Brushtail Possum	Tree hollows, insects and flowers

Step 2: Animal habitats

Draw a built feature for your wildlife habitat. e.g. lizard lounge, nest box, insect hotel.

Creating a vision for your wildlife garden

Step 3: Choosing native plants

Fill out the table below with your plant suggestions and their plant form.

Plant name	Plant form: tree, shrub, grass
	<input type="checkbox"/> tree <input type="checkbox"/> shrub <input type="checkbox"/> grass
	<input type="checkbox"/> tree <input type="checkbox"/> shrub <input type="checkbox"/> grass
	<input type="checkbox"/> tree <input type="checkbox"/> shrub <input type="checkbox"/> grass
	<input type="checkbox"/> tree <input type="checkbox"/> shrub <input type="checkbox"/> grass
	<input type="checkbox"/> tree <input type="checkbox"/> shrub <input type="checkbox"/> grass
	<input type="checkbox"/> tree <input type="checkbox"/> shrub <input type="checkbox"/> grass
	<input type="checkbox"/> tree <input type="checkbox"/> shrub <input type="checkbox"/> grass
	<input type="checkbox"/> tree <input type="checkbox"/> shrub <input type="checkbox"/> grass
