

# Building a nest box

It is important to know about the animals that you will be attracting to your nest box. Use this activity sheet to record information about the animal you are providing habitat for.

## Type of animal:

Name the animal you are making this nest box for and record the scientific name.

---

---

**Draw your animal.**

# Building a nest box

## Habitat Requirements:

### How does your animal use hollows?

Describe how your animal uses hollows.

Does it need them to raise its young?

Does it sleep in them during the day?

## Nest Box Design:

### Draw your nest box.

In your drawing, use labels to:

- Explain how the size of your box suits the animal you are aiming to attract.
- Explain how the hole in the nest box is suitable for your type of animal.
