

# BIODIVERSITY FIND-A-WORD

Australia is home to lots of unique and fascinating species, and they all play equally important roles in the ecosystem.

Biodiversity is the foundation for life on earth – we rely on it for food, shelter, and climate stability. Biodiversity is our responsibility, but it’s also our opportunity to see, understand and act.

## INSTRUCTIONS

Find all the words below to help build your knowledge about biodiversity!

- BIODIVERSITY
- EARTH
- FLORA
- WEEDS
- FAUNA
- WILDLIFE
- ECOSYSTEM
- NATIVE
- HABITAT
- SOIL
- PLANTS
- BALANCE
- ANIMALS
- BENEFICIAL
